# Expectations for the financial year 2017 - revised

For the financial year 2017, Nordic Waterproofing Group (STO: NWG.ST) expects the general demand to be similar to that in 2016 in most of its markets. The Group expects to meet its financial targets of exceeding the growth in its current markets through organic growth as well as acquisitions designed to enhance the Group's product portfolio. Higher raw material prices are anticipated to continue during the full year *(previously: anticipated for the year)*, leading to an increase of our own sales prices. With the contribution from recent acquisitions, the Group expects to maintain the historically high profit level achieved in 2016 despite the current increase in raw material prices. Operating profit (EBIT) before items affecting comparability is, therefore, expected to be in line with the full year 2016.

#### Grounds for outlook assumptions

The above statements regarding prospects for 2017 are based on the Group's accounting principles, which are in accordance with the IFRS accounting and valuation rules. The statements contain estimates and assumptions that are beyond the Group's control and/or influence. Important underlying assumptions include factors such as the successful implementation of sales initiatives based on the Group's plans and expectations, the successful integration of the acquired companies, as well as normal seasonal variations.

Unless otherwise stated, figures within parentheses refer to the preceding year or the corresponding period in the preceding year in respect of income statement and/or cash flow items and the end of the preceding year or the corresponding period in the preceding year in respect of balance sheet items. For definitions of financial and alternative key performance indicators, please see page 20.

# Message from the CEO

# First quarter 2017 in line with our growth targets

Consolidated net sales for the first quarter rose by 17 percent compared with the first quarter last year, from SEK 324 m to SEK 380 m. Sales were supported by good weather conditions, the fact that Easter falls into the second quarter this year, and the contribution of our two recent acquisitions, EPDM Systems and SPT-Painting.

EBIT before items affecting comparability, at SEK 9 m was slightly below last year's profit of SEK 12 m. This is mainly due to increased administrative costs following the June 2016 IPO and increased raw material costs compared with the corresponding period in 2016. We see continued price increases in our main raw materials, which will be more visible as of the second quarter of 2017. This has, in turn, required us to increase the sales prices to our customers. Both acquisitions during the first quarter of 2017 contributed positively to EBIT.

In April we made our third acquisition this year, thus delivering on our commitment to developing our business through both internal and external growth. The Finnish company LA-Kattohuolto specialized in roofing services and maintenance and has annual sales of SEK 20 m. In combination with our operations in KerabitPro and AL-Katot, this acquisition allows us to further expand our current roofing and service maintenance offering, a segment benefiting from growing demand.

Both of our operating segments contributed to our consolidated sales growth of 15 percent. While our Products & Solutions operating segment reported a sales increase of 16 percent, our Installation Services operating segment achieved an increase of 21 percent, based on improved demand in Finland.

Within our Products & Solutions segment, all countries contributed positively. Denmark continued to see a favorable demand trend. Our Swedish operations showed a turnaround in sales with growth of 8 percent compared with the preceding year. Sales in Norway continued with the strong momentum seen in recent quarters. The Finnish market continued its improvement seen since early 2016 with sales growth of 9 percent. SealEco showed a stable sales performance compared to last year, with additional sales from EPDM Systems, the recent acquisition.

Installation Services in Finland achieved a slight increase in sales in the first quarter 2017 compared with the corresponding quarter in 2016 and comparable operations. The recent acquisition, SPT-Painting, contributed with sales as of 1 February 2017. Our Danish franchise companies continued to perform well during the first quarter, with an improved EBIT contribution compared to the preceding year.

Earnings per share for the quarter were -0.06 SEK (0.01).

# Jan-Mar 2017

Net sales: SEK 380 m

EBIT before items affecting comparability:

SEK 9 m

I am pleased to welcome a new company, LA-Kattohuolto of Finland, to our Group. Roofing services and maintenance have seen, and will continue to see, growing demand in the future. With their specific expertise and in combination with our existing operations, LA-Kattohuolto will significantly strengthen our capacity to serve our customers in this field.

Good integration of newly acquired companies is critical to our Group's success. I am pleased to report that the integration of EPDM Systems and SPT-Painting, the most recent members of our Group, is going well.

| Currency effects      | 2%      | 5       |
| Current period        | 17%     | 380     |

Sales in Norway increased by 41 percent (31 percent adjusted for currency translation effects) during the quarter compared with the corresponding period in the preceding year. Sales in Finland increased by 18 percent, in Denmark by 11 percent and sales in Sweden increased by 8 percent compared with the corresponding quarter in the preceding year. In general, the weather has been favorable during the first quarter. In addition, the Easter holiday this year was in April compared with March the preceding year, which entails a positive impact in comparison with the preceding year.

# Operating profit (EBIT)

Operating profit (EBIT) for the first quarter was in line with the preceding year and amounted to SEK 5 m (8), and the EBIT margin decreased to 1.2 percent (2.5). Items affecting comparability amounted to SEK -4 m (-4), and is primarily related to expenses in connection with acquisitions. For further information, please see the section entitled "Items affecting comparability". EBIT before items affecting comparability decreased to SEK 9 m (12) in the first quarter. The EBIT margin before items affecting comparability decreased to 2.2 percent (3.6), which primarily is explained by increased administration costs following the IPO, while the positive volume contribution partly offset by increased raw material costs.

# Net financial items and profit before tax

Net financial items during the first quarter 2017 were SEK 1 m lower than in the corresponding period in the preceding year and amounted to SEK -5 m (-6).

Profit before tax for the first quarter decreased to SEK 0 m (3). The decrease in profit in comparison with the same period in the preceding year is primarily attributable to the higher administration costs following the IPO.

# Taxes

Income tax for the first quarter of 2017 amounted to SEK -1 m (-2).

# Seasonal variations

Nordic Waterproofing's business is affected significantly by seasonal variations in the construction industry, where approximately 60 percent of sales generally occur during the second and third quarters. The weakest period is the first quarter of the year, which, due to the winter, has accounted for approximately one fifth of annual sales for the past three financial years. There is generally a planned inventory build-up, primarily of finished products during the first six months of the year, which translates as a stock reduction during the third and fourth quarters as a result of increased activity in the market during the autumn.

# Items affecting comparability

The expenses in the first quarter of 2017 are primarily related to expenses in connection with acquisitions.

# Cash flow

Operating cash flow during the first quarter amounted to SEK -17 m (-48). The cash flow followed the usual seasonal variations with a negative change in net working capital, although less negative than in the preceding year. In addition, dividend from associated companies were SEK 6 m higher than in the first quarter the preceding year.

The cash flow from operating activities during the first quarter was SEK 38 m higher than in the corresponding period in the preceding year, amounting to SEK -38 m (-76). The higher cash flow is explained primarily by a less negative development of net working capital of SEK 28 m, higher dividend from associated companies by SEK 6 m and lower payment of income taxes by SEK 4 m.

The cash flow from investing activities during the first quarter amounted to SEK -54 m (-8), mainly explained by the two acquisitions made in January 2017 amounting to SEK -42 m.

The cash flow from financing activities during the first quarter amounted to SEK -8 m (0), explained by repaid credit lines in the acquired companies following the acquisitions.

# Investments and depreciations

Gross investments during the first quarter 2017 amounted to SEK 3 m (5). Depreciations amounted to SEK -7 m (-6).

# Financial position and liquidity

Nordic Waterproofing's principal external financing was replaced in connection with the Initial Public Offering in June 2016. The new agreement is valid until June 2021 and contains a EUR 37.5 m term loan facility and a EUR 18 m revolving loan facility, of which EUR 14.4 m is allocated to the Group cash pool. The loan and credit facilities bear variable interest and run without requiring repayment in instalments. The financing agreement contains financial covenants which are monitored and followed up on a quarterly basis. Every quarter, Nordic Waterproofing has fulfilled the terms and conditions of the facility agreements.

Consolidated net debt has continued to decrease due to the strong cash flow. Net debt amounted to SEK 125 m at the end of the period, compared with SEK 239 m at the end of the corresponding period in the preceding year. Consolidated cash and cash equivalents amounted to SEK 228 m (97) at the end of the period. Since no portion of the Group's SEK 137 m (134) overdraft facility was utilized at the end of the quarter, the total cash and cash equivalents available was SEK 365 m (231).

Indebtedness calculated as interest-bearing net debt/EBITDA before items affecting comparability during the most recent twelve-month period was 0.5x (1.1) at the end of the period, and the net debt/equity ratio was 0.1x (0.3).

## Pledged assets and contingent liabilities

There were no significant changes in contingent liabilities during the period.

#### Employees

The average number of employees during the first quarter of 2017 (expressed as full-time equivalents) was 628, compared with 583 during the same period in the preceding year. The increase derives from the acquired companies during the first quarter of 2017.

## Significant risks and uncertainties

A description of significant risks and uncertainties is found in Nordic Waterproofing's 2016 Annual Report, as well as in the Prospectus that was issued in connection with the Initial Public Offering in June 2016. There have not been any significant changes in significant risks and uncertainties since the publication of the Annual Report or the Prospectus.

# Significant events during the period

On 24 January 2017, 67 percent of the shares in the Dutch company EPDM Systems B.V. were acquired by Nordic Waterproofing Holding A/S's subsidiary SealEco AB for SEK 17 m on a cash and debt free basis. EPDM Systems, established in 1997, has been a customer to SealEco AB since its foundation and is currently one of the leading EPDM suppliers for building solutions in the Netherlands. Its customers primarily consist of contractors and building merchants. The company's operations and its 34 employees are based in Lemelerveld, and it generates annual external sales of about SEK 80 m.

On 31 January 2017, 100 percent of the shares in the Finnish company SPT-Painting Oy were acquired by Nordic Waterproofing Holding A/S's subsidiary, Nordic Waterproofing Oy, for approximately SEK 31 m. The company operates in the fast-growing floor coating market, providing floor coating installation services for construction, ship building and industrial customers. SPT-Painting was established in 1990 and is one of the leading coating companies with a significant share of the Finnish market for floor coating. Its customers primarily consist of construction companies and shipyards and their contractors. The company's operations and its 20 employees are based in Helsinki, and it has annual sales of about SEK 80 m.

Financial details are disclosed in Note 6.

#### Significant events after the reporting period

On 28 April 2017, 100 percent of the shares in the Finnish roof service and maintenance company LA-Kattophuolto Oy were acquired by Nordic Waterproofing Holding A/S's subsidiary, Nordic Waterproofing Oy, for SEK 22 m on a cash and debt free basis. LA-Kattohuolto Oy, established in 2010, is specialized in roof maintenance and coating of private houses. It is located in Muurame, near Jyväskylä in central Finland, with operations in nine locations, of which five are operated by franchisees. The company has annual sales of about SEK 20 m to its two main customer segments, corporate and consumer. The current management team and their colleagues will continue to contribute with their broad experience, original service concept and an established franchise setup.

The annual general meeting on 27 April 2017 approved the proposal of the nomination committee to re-elect Ulf Gundemark, Christian Frigast, Jørgen Jensen and Riitta Palomäki and to elect Mats O. Paulsson and Kristina Willgård as members of the board of Nordic Waterproofing Holding A/S.

The annual general meeting resolved to distribute SEK 3.75 per share, in total an amount of SEK 90 m, to the shareholders as dividend.

# The parent company

The parent company, Nordic Waterproofing Holding A/S, is a holding company that does not conduct any business. The parent company's earnings primarily reflect the net revenues for joint Group services and deductions for salaries, other remuneration and compensation, and similar expenses.

# Incentive programs

On 31 March 2017, no long-term incentive program was in place as the previous program was finalized in June 2016 as a consequence of the initial public offering.

The 2017 Annual General Meeting resolved to authorize the Board of Directors to establish a Long-Term Incentive Program ("LTIP 2017") offered to 23 employees of the Group. The participants shall free of charge be allotted performance share rights entitling to allotment of shares in the Company. Performance shares may be granted to the individual participant when the targets have been met after a period of three years. The target is measured every year and the outcome is set after three years. Performance shares may only be granted to the individual participant if the participant is still employed by the Company and have not given or been given notice during the three-year vesting period. Targets for the participants is based on a yearly growth of operating profit before items affecting comparability, interest and taxes ("EBIT growth").

The costs in accordance with IFRS 2, including social security charges, is estimated to a maximum of SEK 6.6 m.

No new shares will be issued in the Company due to LTIP 2017. However, the Company will need to acquire 97,309 own shares, corresponding to approximately 0.4 per cent of the outstanding shares and votes in the Company in order to secure delivery of shares under LTIP 2017 and to secure and cover social security charges. The costs for LTIP 2017 are expected to have a marginal effect on the Nordic Waterproofing Group's key ratios.

# Shares and share capital

As per 31 March 2017, share capital amounted to DKK 24,084 thousand and the total number of issued shares was 24,083,935. The Company has one (1) class of shares. Each share entitles the holder to one vote at general meetings. On 31 March 2017, Nordic Waterproofing Holding A/S had more than 2,500 shareholders.

There has not been any changes in shares and share capital during the first quarter of 2017.

# Management's statement

Today, the Group's Board of Directors and Executive Board have discussed and approved the interim report for the period January–March 2017 of Nordic Waterproofing Holding A/S.

The interim report, which has not been audited or reviewed by the company's auditor, is presented in accordance with IAS 34 "Interim Financial Reporting" as approved by the EU and additional Danish requirements relating to the disclosure of information for interim reports of listed companies.

In our opinion, the interim report gives a true and fair presentation of the Group's assets, shareholders' equity and liabilities, and financial position as at 31 March 2017, as well as of the results of the Group's activities and cash flow for the period January-March 2017.

Furthermore, in our opinion, the review by management provides a true and fair statement of the development of the Group's activities, financial position and profit or loss for the period, and describes the most significant risks and uncertainties faced by the Group.

# Notes

# Note 1 – Accounting principles

The interim report is presented in accordance with IAS 34 "Interim Financial Reporting", which has been approved by the EU, and additional Danish requirements relating to the disclosure of information for quarterly reports by listed companies.

The Group applies IFRS (International Financial Reporting Standards), which have been adopted by the EU, and the Danish Annual Reports Act. The accounting principles are the same as those described in Note 1 to Nordic Waterproofing Group's 2016 annual report. No new accounting principles applicable from 2017 have had a significant effect on the Nordic Waterproofing Group.

The financial statements are presented in SEK rounded off to the nearest hundred thousand, unless otherwise stated. This rounding off process may mean that the total sum of the sub-items in one or more rows or columns does not match the total sum for the row or column.

The quarterly report has not been audited or reviewed by the company's auditor.

# Note 2 – Alternative key ratios

The Group presents certain financial measures in the interim report which are not defined according to IFRS. The Group considers these measures to provide valuable supplementary information for investors and the company's management as they enable the assessment of relevant trends. Nordic Waterproofing's definitions of these measures may differ from other companies' definitions of the same terms. These financial measures should therefore be seen as a supplement rather than as a replacement for measures defined according to IFRS. Definitions of measures which are not defined according to IFRS and which are not mentioned elsewhere in the interim report are presented in the section "Definitions; Key performance indicators not defined according to IFRS".

# Note 3 – Seasonality

Nordic Waterproofing's business is affected significantly by seasonal variations in the construction industry. We refer to page 4 for more detailed information.

# Note 4 – Items affecting comparability

Items affecting comparability comprise of income statement items that are non-recurring, have a significant impact on profit and are important for understanding the underlying development of the Group. In particular, these costs consist of those relating to procedures linked to changes in ownership and the executed initial public offering. In addition, the items include restructuring measures relating to new acquisitions and improvements to the day-today business, where the Group is enhancing its operations by means of measures including reorganizations of production facilities and sales units. These expenses consist primarily of personnel costs and other external costs.

# Note 5 – Risks and uncertainties

Nordic Waterproofing's business is subject to various risks, which can be divided up into operating, financial and external risks. Operating risks include liability under warranties and product liability, key employees, disruptions in production, IT systems, intellectual property rights, product development, restructuring, acquisitions and integration, insurance, and corporate governance. Financial risks primarily include changes in exchange rates and interest rates, and risks relating to losses in respect of accounts receivable, liquidity risk, the capacity to raise capital, financial credit risk and risks relating to goodwill. External risks include risks relating to market trends,

competition, prices of raw materials, political decisions, legal disputes, tax risks, environmental risks and weather conditions.

The management of risk at Nordic Waterproofing is based on a structured process for continually identifying and assessing risks, their likelihood and their potential impact on the Group. The focus is on identifying controllable risks and managing the risks to reduce the overall risk level for the business. The risks are described in the Group's 2016 annual report and the prospectus issued in connection with the Initial Public Offering in June 2016. Other than these risks and uncertainties, no significant additional risks or uncertainties have arisen.

# Note 6 – Acquisitions of businesses

On 24 January 2017, the acquisition of 67 percent of the shares and votes in the Dutch company EPDM Systems B.V. ("EPDM Systems") was completed by Nordic Waterproofing Holding A/S's subsidiary, SealEco AB, for SEK 12 m, of which SEK 12 m was paid in cash on the transaction of ownership. Nordic Waterproofing has a call option and the minority shareholder (the CEO of EPDM Systems) has a put option for the remaining 33 percent of the shares. The option gives SealEco AB the right to buy, and the minority shareholder the right to sell, the shares after 1 January 2022. For accounting purposes, the combined call and put option has been classified as a financial liability, and consequently, no non-controlling interest has been recognized. Goodwill includes the value of market knowledge. No portion of the goodwill is expected to be tax deductible. Acquisition-related costs amounted to SEK 1 m in the form of consulting fees in connection with the acquisition process. These consulting expenses have been recognized as administrative expenses in the consolidated statement of profit or loss and other comprehensive income, and are excluded from operating result (EBIT) before items affecting comparability of the Nordic Waterproofing Group.

On 31 January 2017, the acquisition of 100 percent of the shares and votes in the Finnish company SPT-Painting Oy was completed by Nordic Waterproofing Holding A/S's subsidiary, Nordic Waterproofing Oy, for SEK 31 m, of which SEK 31 m was paid in cash on the transaction of ownership. It has also been agreed that an earn-out may be paid within two years after completion of the acquisition depending on the financial performance of SPT-Painting. Goodwill includes the value of market knowledge. No portion of the goodwill is expected to be tax deductible. Acquisition-related costs amounted to SEK 1.5 m in the form of consulting fees in connection with the acquisition process. These consulting expenses have been recognized as administrative expenses in the consolidated statement of profit or loss and other comprehensive income, and are excluded from operating result (EBIT) before items affecting comparability of the Nordic Waterproofing Group.

Of the total consideration of SEK 16 m related to EPDM Systems, SEK 12 m has been paid in cash and SEK 4 m related to the call/put option has been deferred and classified as long-term debt.

The acquisition analysis are preliminary, meaning that the fair value and the final purchase price allocation analysis has not been conclusively determined for all items. For further information regarding the acquisitions, please refer to page 6 of this report.

On 28 April 2017, 100 percent of the shares and votes in the Finnish company LA-Kattohuolto Oy was completed by Nordic Waterproofing Holding A/S's subsidiary Nordic Waterproofing Oy for SEK 22 m on a cash and debt free basis. It has also been agreed that an earn-out may be paid within two years after completion of the acquisition depending on the financial performance of LA-Kattohuolto. Goodwill includes the value of market knowledge. No portion of the goodwill is expected to be tax deductible. Acquisition-related costs amounted to SEK 1 m in the form of consulting fees in connection with the acquisition process. These consulting expenses have been recognized as administrative expenses in the consolidated statement of profit or loss and other comprehensive income, and are excluded from operating result (EBIT) before items affecting comparability of the Nordic Waterproofing Group.

# Note 7 – Financial instruments

Financial instruments measured at fair value in the balance sheet consist of financial derivatives used to hedge the price risk arising from highly probable future purchases of bitumen products. These are recognized in the balance sheet items "Other receivables" and "Other liabilities", and as from December 2015 hedge accounting is applied. The fair value of these commodity derivatives has been established through a discount of the difference between the agreed price and future prices at the reporting date for the remaining contract period. As at 31 March 2017, the expected purchases of bitumen for delivery during April to September were hedged, in total equivalent to 21,600 tons or approximately 58 percent of the expected annual purchasing volume (3,400 tons or approximately 9 percent of the expected annual purchasing volume were hedged at the end of the same period in the preceding year). During May 2017, the expected purchases of bitumen for delivery during the October to December were hedged by means of derivatives equivalent to 9,300 tons or approximately 24 percent of the expected annual purchasing volume.

The fair value measurements belong to level 2 in the fair value hierarchy in IFRS 13. The fair value of the fixed rate vendor loan – which was repaid in June 2016 – was determined as the present value of the expected payments, discounted as a rate equal to the relevant EUR 0-coupon rates with addition of an estimated credit spread. Due to the fact that Nordic Waterproofing Group has not entered into any significant financing agreements until recently when the vendor note was repaid, the credit spread which is a significant input to the valuation was based on an estimate not supported by observable data (level 3 measurement in the IFRS 13 hierarchy). The carrying amounts of financial instruments not recognized at fair value constitute a reasonable approximation of their fair values.

# Note 8 – Operating segments

Nordic Waterproofing's business and the basis for division into segments are the various products or services delivered by each segment. The Group's operating segments consist of Products & Solutions and Installation Services. Products & Solutions relates to sales of both internally produced and externally purchased products and related services, and Installation Services comprises the Group's wholly-owned and partly-owned contracting

operations within roofing. Group Items and Eliminations comprises parent company functions, including the treasury function, as well as the elimination of intra-group sales from Products & Solutions to Installation Services.

Information regarding net sales from external customers and operating profit (EBIT) before items affecting comparability broken down by segment is set out in the tables on page 10.

Inter-segment transfer pricing is determined on an arm's length basis, i.e. between parties that are independent of one another, are well informed and have an interest in the implementation of the transaction. Assets and investments are reported based on where the assets are located.
